Flat Urothelial Lesions
Carcinoma In-situ
Reactive Urothelial Atypia
Papillary Urothelial Neoplasms
Urothelial Papilloma
Papillary Urothelial Carcinoma, Low-Grade
Papillary Urothelial Carcinoma, Low-Grade
Papillary Urothelial Carcinoma, High-Grade
Inverted Urothelial Neoplasms
Inverted Urothelial Papilloma
Invasive Urothelial Carcinoma: Staging
Muscularis Propria Invasion
Muscularis Propria Invasion
Lamina Propria Invasion
Vesical Carcinoma: Variants
Micropapillary Carcinoma
Urothelial Carcinoma with Plasmacytoid Features
Lymphoepithelioma-like Carcinoma
Primary Vesical Adenocarcinoma
Clear Cell Carcinoma
Invasive Urothelial Carcinoma, Nested Pattern
Invasive Urothelial Carcinoma, Nested Pattern
Primary Vesical Squamous Cell Carcinoma
Mimics of Urothelial Carcinoma
Nephrogenic Adenoma: Mixed Papillary and Tubular
Endocervicosis
Malakoplakia
Florid Intestinal Metaplasia with Mucin Extravasation
Florid Intestinal Metaplasia with Mucin Extravasation
Prostatic Adenocarcinoma
Prostatic Adenocarcinoma
Prostatic Adenocarcinoma

PSA
Spindle Cell Proliferations of the Urinary Bladder
Inflammatory Myofibroblastic Tumor
Inflammatory Myofibroblastic Tumor
Inflammatory Myofibroblastic Tumor
Sarcomatoid Carcinoma
Sarcomatoid Carcinoma
Sarcomatoid Carcinoma: Heterologous Elements
Leiomyosarcoma
Solitary Fibrous Tumor
Solitary Fibrous Tumor
Neurofibroma
Botryoid Rhabdomyosarcoma
